Proposed Android Apps UI as well as real code Design using HTML5, CSS3 and for a Bank

The image displays a composite of several screenshots illustrating proposed UI designs and real-world examples:

- Top Left:** A screenshot of a desktop application window titled "Auto Callable ETF Linked Structured Investment - SPDR Euro Stoxx 50 ETF". It shows a graph of the ETF's price over time and some descriptive text.
- Top Center:** A screenshot of the AG|Delta website homepage. It features a large image of a person holding a tablet displaying the AG|Delta app interface, with the tagline "DealSation for Client Advisors and Relationship Managers".
- Top Right:** A screenshot of a news feed interface. It includes a sidebar with user profiles (jenny, pm, reza, robert, valerie) and a main area showing a news item about Big Ben with a thumbnail image.
- Middle Left:** A screenshot of a desktop application window titled "Product Highlights". It shows a list of pending tasks and a message center.
- Middle Center:** A screenshot of a desktop application window titled "US Market Summary". It lists various market summaries like "European Market Summary", "Australian Market Summary", etc., and a "Power Plan operator Long view Power files for bankruptcy" section.
- Middle Right:** A screenshot of a desktop application window titled "Dual Currency Investment - AUD-MYR". It shows a table of investment details and buttons for "Buy", "Sales Documents", and "Compare Selected".
- Bottom Left:** A screenshot of a desktop application window titled "Products". It shows a search bar, a sidebar with "Product Finder", "Product Comparison", "Product Performance", and "Product Documents", and a main table of products.
- Bottom Center:** A screenshot of a desktop application window titled "Training". It shows a sidebar with "Training" and a main table of training details.
- Bottom Right:** A screenshot of a desktop application window titled "Golden Assets International Finance Ltd". It shows a table of investment details and buttons for "Buy", "Sales Documents", and "Compare Selected".

Apps UI as well as hard code generated in HTML5, CSS3 for the RM's

Google Website for Internal stake holders

Login Screens for Contineo in Eclipse (UI and Code)for the Web Apps

Product Screen design in Visualization, Jpg and Code for RM's for Barclays

The above are done in JPG to get approval form Client

The below are coded in Eclipse using HTML 5, CSS3 and Angular JS JSON used for fetching date

Product Screen Code for RM's for Barclays

The image displays three screenshots of the AG|Delta software interface, specifically the 'Re-quote' feature, used for managing options contracts for Barclays.

Screenshot 1: Shows the 'Re-quote' dialog box for an ELN option. The underlying is 0001.HK (Cheung Kong HK). The strike is 98.00%, currency is HKD, and tenor is 32D. The sell price is listed as \$ 98.00%. The dialog shows various quotes from dealers (HSBC, Goldman Sachs, JP Morgan, UBS AG) with their respective best prices and yields. The user has selected the quote from HSBC at \$ 98.00% with a yield of 16.79%. An 'Ok to Send' button is visible.

Screenshot 2: Shows a list of re-quote requests. The table includes columns for ID, Status, Update, and Actions. It lists several entries, each corresponding to a different dealer and quote type (e.g., PENDING FOR QUOTE, LIVE). The status column indicates the current state of the quote (LIVE, PENDING FOR QUOTE, etc.). The update column shows the last modified date. The actions column provides links to manage each quote.

Screenshot 3: Shows another view of the re-quote list, similar to Screenshot 2, but with a different set of entries. It also includes a 'Quote to RIM' button at the bottom right.

A Better Future

INTRODUCTION

"In order to build a better future for our clients and ourselves we need to live our values. Our values define who we are as an organisation. After much considered deliberation, we choose Innovation, Excellence and Integrity as our new values because we believe these truly represent the foundation of Fidelity and will best position us for the next decade of growth"

Brian Conroy
President, Financial Services 

As a firm we want... "To deliver innovative client solutions for a better future"

To deliver innovative client solutions for a better future

Split Decisions. Open a Roth or traditional IRA.
Roth IRA Traditional IRA

Our Values

Each of us is committed to...

Innovation
Taking personal responsibility for always acting in the best interests of our clients

Excellence
Being willing to experiment and try new and better ways to serve our customers

Integrity
Striving to be the best while knowing we can always be better next time

Our Strategy

Collectively we will focus on....

Becoming a solutions organisation
Creating products to meet our clients' needs

Becoming a technology-driven organisation
Creating a seamless digital experience for our clients

Becoming a winning organisation
Aligning our culture and structure around delivering innovative client solutions

Risk Framework

Common issues and most likely steps to remediate

Issue	Resolution
Outstanding trades with no reply from salespersons	<ul style="list-style-type: none"> • 3 < 5 days: Send chaser email to salesperson & BORM • > 5 days: Send chaser email to BORM
Inadequate justification provided	<ul style="list-style-type: none"> • Reply email asking further evidence/justification to be provided (e.g. screenshots for cancelled trades)
Salespersons questioning about the Ad-hoc review requests (i.e. unsure why they have to complete template even when they are within the thresholds)	<ul style="list-style-type: none"> • Highlight to salesperson that the trade is randomly picked up by an independent reviewer • Highlight that according to the FX Fair Pricing Policy, "Support for HM may also be granted for certain transactions that do not exceed the given thresholds"

Escalation requirements

- Trades/margins which are not signed-off by Regional Sales Head within 60 days are escalated for remediation review
- Continue to report exceptions so long as they have not been signed off in the following baskets: >60 Days; >90 Days; >120 Days

TermSheet Detail

Web Apps for the Termsheet Completeness for an International Bank

The image displays several screenshots of web-based applications used for managing termsheets and client acknowledgements, along with a screenshot of a desktop trading application.

Top Left Application: A web form for managing termsheets. It includes fields for CDMS Case ID, CDMS Doc Upload Date, CDMS Product Name, CDMS Acknowledgement Type, TS Issuance Date, Email Language / disclaimer, Scenario Analysis Found, Risk Disclosure Found, Product Description Matches Template?, Client Acknowledgement Date, TS Control Status, and TS Control Comments. Buttons for Save, Close, and Send Email - Terms are at the bottom. A red arrow points to the "Associated CDMS" button.

Top Right Application: A screenshot of a desktop application titled "MXG2K_LIVE [PID:326887 NPID:77 SID:326889]". The menu bar includes Help, UI Tools, Configuration, Market data, Simulation, Historical data, Pricing, Processing, Middle office, Accounting, Payment, Links, and YAF. The main window shows a "Processing" section with various options like Insert trade, Trade query, and Trade query by type. A red arrow points to the "Trade query" option.

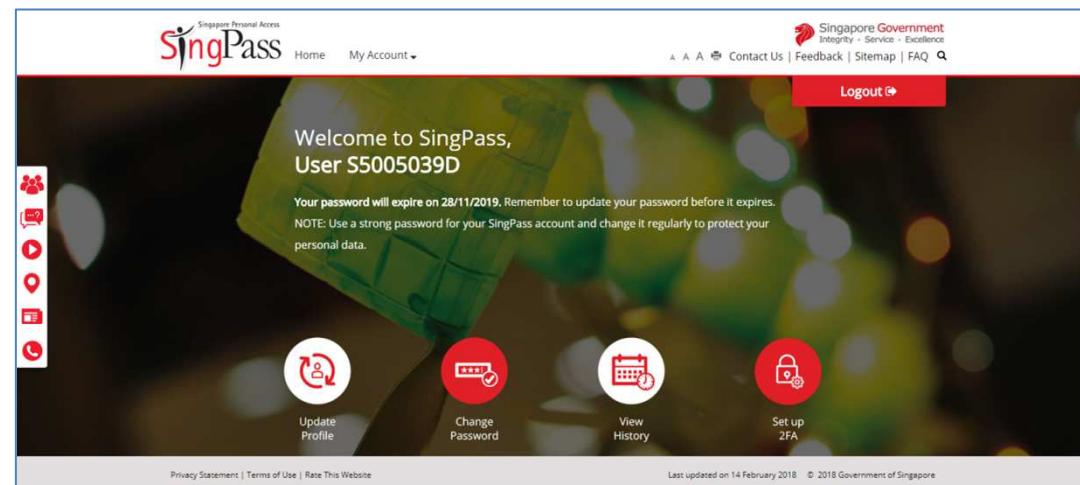

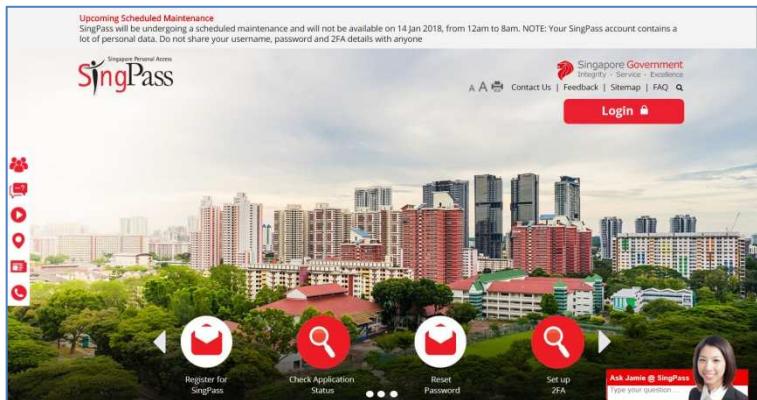

Middle Left Application: Another instance of the same web application as the top left, showing the same form fields and buttons. A red arrow points to the "Fail" option in the TS Control Status dropdown.

Middle Right Application: A screenshot of a desktop application titled "MXG2K_LIVE [PID:326887 NPID:77 SID:326889]". The menu bar includes File, Edit, Screen, Help, UI Tools. The main window shows a "Flexible deal" screen with fields for Portfolio, Counterparty, P&L instrument, Formula, and Soit. A red arrow points to the "Flexible deal" button.

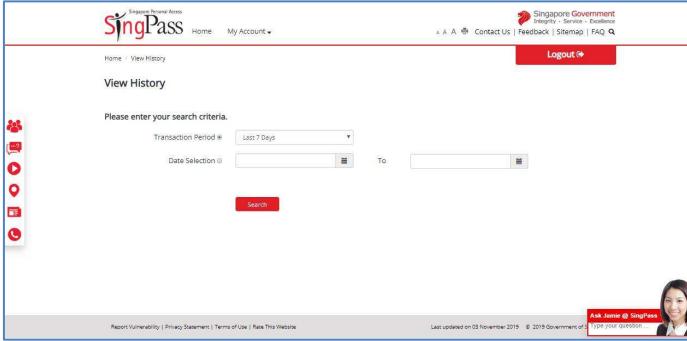

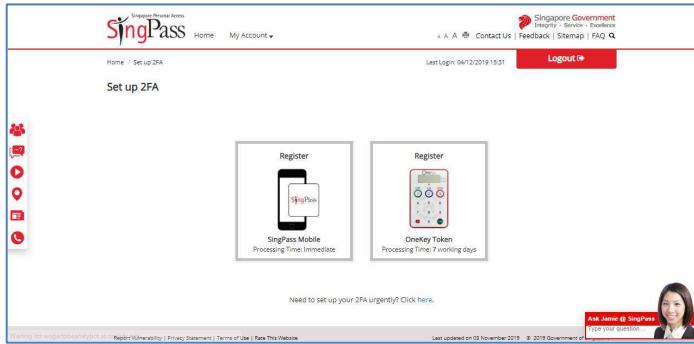

Bottom Left Application: A screenshot of a desktop application titled "MXG2K_LIVE [PID:326887 NPID:77 SID:326889]". The menu bar includes File, Edit, Screen, Help, UI Tools. The main window shows a "Trade query" screen with various filters and dropdowns. A red arrow points to the "Trade query" button.

Bottom Right Application: A screenshot of a desktop application titled "MXG2K_LIVE [PID:326887 NPID:77 SID:326889]". The menu bar includes File, Edit, Screen, Help, UI Tools. The main window shows a "Trade query" screen with various filters and dropdowns. A red arrow points to the "Trade query" button.

Register for SingPass

This will take about 3 minutes to complete.

Before you start please ensure that:

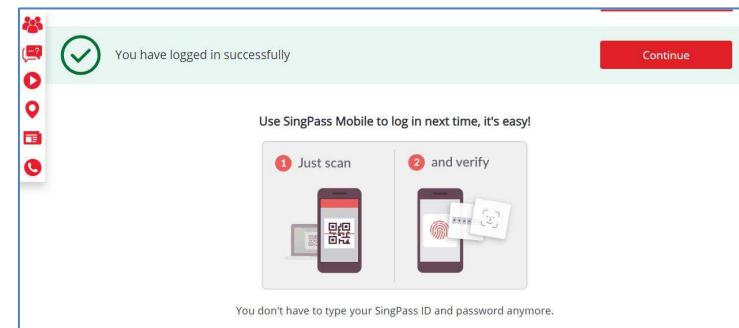

- You are eligible for SingPass
- Singapore Citizens and Permanent Residents
- Passholders (Employment Pass, EntrePass, S-Pass, Dependant Pass, Long Term Visit Pass Plus)
- Selected Work Permit Holders

Your address as in your NRIC/FIN is updated. If not, [Get more information here](#).

Please note:

- You can only register for a SingPass account once. All SingPass account requests are final and cannot be canceled or re-submitted.
- As your SingPass password will be mailed to your registered local address, please ensure that your address registered with the Government is up-to-date before proceeding.

[Contact Us](https://www.singpass.gov.sg/singpass/common/contactus) [Contact SingPass](#)

Advisory Note Your SingPass account contains a lot of personal data. Do not share your username, password and 2FA details with anyone.

CSV Screens delivered for a Leading Financial Institution High Fidelity design in Figma

The image displays four Figma wireframes for ANZ CSV screens, showcasing a high-fidelity design approach:

- Search Result View:** A table view of user records with columns for User ID, First Name, Surname, GADS Status, DOB, Email, Customer, Company, and Resource. A modal dialog is open, showing a detailed view of a selected user record (John Doe) with fields for User ID, Name, User Group, Title, Ref, Amount (\$10,000), Currency, and Value Date.
- User Details View:** A detailed view of a user record (John Doe) with sections for Self Service (Email: johndoe@anz.com, Group Tier: Platinum, etc.), Admins (John Doe, James Smith, Monica Brand), Divisions (James Smith, Monica Brand), Resource Profile (Resource Name: 1111112, Status: Enabled, Type: Transaction Global, Status: Pre-activated), and Security Questions (Q1: What is your mother's maiden name? A1: Nancy Jones; Q2: What is the make of your first car? A2: BMW; Q3: Which city did you travel on your first trip? A3: New York; Q4: Name of your best friend? A4: Charles).
- Resource - Account View:** A detailed view of a resource account (Resource Name: 1111112, Status: Enabled, Type: Transaction Global, Status: Pre-activated). It includes sections for Resource Profile (Bank Name: ANZ Australia, Account Type: Current, Funding Method: API Only, Transfer Type: Both, Customer Account Name Alias: ANZ International Payments), Product Entitlements (Reporting Accounts: Yes, All BNPY: Yes, All Domestics (DIRECT CREDIT): Yes, Bank Remit Domestic (FT GS): Yes, ANZ Australia International Payments: Yes, Transfer: Yes, Payee Management: Yes, Trace Account Only: No, Refer All Payments to a GAO Officer: No), and Security Questions (Q1: What is your mother's maiden name? A1: Nancy Jones; Q2: What is the make of your first car? A2: BMW; Q3: Which city did you travel on your first trip? A3: New York; Q4: Name of your best friend? A4: Charles).
- Resource - Global View:** A detailed view of a resource global record (Resource Name: Transaction Global, Status: Enabled, Type: Transaction Global, Status: Pre-activated). It includes sections for Resource Profile (Bank Name: ANZ Australia, Account Type: Current, Funding Method: API Only, Transfer Type: Both, Customer Account Name Alias: ANZ International Payments), Product Entitlements (Reporting Accounts: Yes, All BNPY: Yes, All Domestics (DIRECT CREDIT): Yes, Bank Remit Domestic (FT GS): Yes, ANZ Australia International Payments: Yes, Transfer: Yes, Payee Management: Yes, Trace Account Only: No, Refer All Payments to a GAO Officer: No), and Security Questions (Q1: What is your mother's maiden name? A1: Nancy Jones; Q2: What is the make of your first car? A2: BMW; Q3: Which city did you travel on your first trip? A3: New York; Q4: Name of your best friend? A4: Charles).

CSV Screens delivered for a Leading Financial Institution High Fidelity design in Figma

The image displays six distinct Figma wireframe prototypes for a financial application, likely ANZ, illustrating a high-fidelity design process. The prototypes cover various functional areas:

- User Management:** Shows a 'Users / Search / User Details' screen with a sidebar for 'Authorization Group: A' (Status: Enabled) and 'Customer Product Family: Cash Management'. It includes sections for 'Entitlements' (listing divisions like All Division, Admin Division, Acme Division) and 'Customer Resources' (listing accounts and billing).
- Role Management:** A 'Self Service' screen for 'Admins' showing three users: John Doe, James Smith, and Monica Brazil. It includes a 'Resource Profile' section.
- Entitlements:** A modal dialog titled 'Entitlements' for 'Role: Admin' and 'Division: 1111111112 (Acme Div)'. It lists entitlements for 'All Domestic (Credit Debit)': All, AUD, AUD; 'Intermediary Payments': Selected, \$999,999.99, \$999,999.99; and 'Transfers': None, AUD, AUD, AUD. It also includes sections for 'Confidential Data Group', 'Payment Purpose', and 'Reporting - Accounts'.
- Reporting:** A 'Reporting' screen for 'Product Family: Cash Management' showing a grid of permissions across countries and products. Permissions include 'Make Payments', 'File Import', 'Get Rate / Trade', 'Approve', and 'Allow self Approve'.
- Payment Settings:** A 'Payments' screen for 'Division ID: 111111112' (Division Name: Acme Div). It shows sections for 'Domestic' (with checkboxes for All Domestic Credit Cards, All Domestic NPPS, All Domestic BISGS), 'Other Payments' (with checkboxes for All BPAAC, International, Travellers), and 'Balance and Transfer Reporting'.
- Customer Authentication:** A 'Customer Authentication' screen for 'Division ID: 111111112' (Division Name: Acme Div). It shows sections for 'Domestic' (with checkboxes for All Domestic Credit Cards, All Domestic NPPS, All Domestic BISGS), 'Other Payments' (with checkboxes for All BPAAC, International, Travellers), and 'Balance and Transfer Reporting'.

CSV Screens delivered for a Leading Financial Institution High Fidelity design in Figma

The image displays six screenshots of ANZ CSV screen designs in Figma, illustrating high-fidelity user interface prototypes for financial institution management.

- Screenshot 1:** A modal window titled "Division ID: 11111112 Division Name: Acme Div" showing "Workflow: Approved". It contains sections for "Division ID", "Division Name", "Products", "Cash Management", "Payments", "Balance and Transfer Reporting", and "Other Settings". Buttons include "OK" and "Cancel".
- Screenshot 2:** A modal window titled "Division ID: 11111112 Division Name: Acme Div" showing "Workflow: Approved". It includes sections for "Division ID", "Division Name", "Products", "Cash Management", "Payments", "Balance and Transfer Reporting", and "Other Settings". It also features a "Reference" section with checkboxes for "Approve request for payment list items (payment)", "Normal request for transfer", "Notify inviter if bank charges for Payment created from template", "Underline beneficiary bank charges for Payment created from file reports", "Allow viewing of Payee Confidential fields", and "Approval required for payee lastname (Direct Debit)". Buttons include "OK" and "Cancel".
- Screenshot 3:** A modal window titled "Division ID: 11111112 Division Name: Acme Div" showing "Workflow: Approved". It contains sections for "Division ID", "Division Name", "Products", "Cash Management", "Payments", "Balance and Transfer Reporting", and "Other Settings". It includes "Dynamic Roles" for "Entity", "Bank System", "PK Manager", and "PK Account Manager". Buttons include "OK" and "Cancel".
- Screenshot 4:** A modal window titled "Division ID: 11111112 Division Name: Acme Div" showing "Workflow: Approved". It contains sections for "Division ID", "Division Name", "Products", "Cash Management", "Payments", "Balance and Transfer Reporting", and "Other Settings". It includes "Dynamic Roles" for "Entity", "Bank System", "PK Manager", and "PK Account Manager". Buttons include "OK" and "Cancel".
- Screenshot 5:** A modal window titled "Division ID: 11111112 Division Name: Acme Div" showing "Workflow: Approved". It contains sections for "Division ID", "Division Name", "Products", "Cash Management", "Payments", "Balance and Transfer Reporting", and "Other Settings". It includes "Dynamic Roles" for "Entity", "Bank System", "PK Manager", and "PK Account Manager". Buttons include "OK" and "Cancel".
- Screenshot 6:** A detailed view of a CSV screen showing "Entitlement", "Payments", "Approved Transaction", and "Balance and Transaction Reporting". It lists account numbers, account names, banks, country or region, currency, and transaction details. It also shows "Approved Transaction" with columns for "Date", "Batch", and "Transaction". Buttons include "OK" and "Cancel".

Thank You!
